

PARISH OF CHARDSTOCK 1881 CENSUS RG11/2128

The census was carried out on the night of 3rd April 1881 and closely followed the format of the previous censuses taken between 1851 and 1871. The head of the family had to be defined as did the relationship to the head of each person staying in the house that night. The gender of each person was also recorded. Accurate ages were required throughout and were taken from the person's last birthday. For infants under one year, the age was recorded either in months (m), weeks (w) or days (d). The rank, profession or occupation of each person was recorded and "Where Born" had to be completed by giving the county and town or parish of birth. The expanded list of infirmities introduced in 1871 was retained, but like 1871, was sometimes used to record medical conditions not included in the official list.

It should be remembered that at the time of the census Chardstock formed part of the County of Dorset, as the transfer to Devon did not occur until 1896.

An analysis of the recordings for Chardstock is tabled below, together with comparisons for 1841, 1851, 1861 and 1871. The Boarding School/College (1861 to 1881) and the Industrial school (1861 only) have been extracted from the remainder of the Parish and are shown separately.

(a) The 1881 census records just three dwellings being occupied by two families, but this considerable reduction, compared with previous census returns, may be due to the way in which the 1881 return was completed.

The 1881 census returns record that the population of the Parish contracted considerably from the highest total recorded in 1871 to the lowest since detailed records began in 1841; the reduction of 186 from 1414 to 1228 representing 13.2% of the population. The largest proportional reductions affected the under 10 age group (down by 83 or 22.3%) and the 20 to 29 group (down by 34 or 18.5%), although there were reductions of at least 11% affecting all the age groups under 59. Conversely the number of people aged 60 or over increased by 15.2% from 145 to 167.

These figures follow a similar pattern to those seen in the previous contraction in 1861. Younger adults left the Parish to seek work elsewhere, while older, less mobile, adults increased in number to the highest level recorded in any census. The reduction in the number of child-bearing adults and the depressed state of the farming economy doubtless accounted for a reduced birth rate and the number of children aged under 10. Of the 150 adults in the 20 to 29 age group, just 49 (32.7%) were married and living in the village, 73 (48.7%) were single and living at home and 28 (18.7%) were single and working away from home.

At 21, the number of uninhabited dwellings was the highest recorded in any census, and offers further evidence of the depressed state of the local economy.

Life expectancy, although much lower than modern times, had improved in 1881 with 1.5% of the population being aged over 80. This compares favourably with the previous lows of just 0.4% in 1851 and 0.5% in 1871.

After discounting those associated with the church or schools, in 1881 only 31 people were recorded as having been born outside the adjoining counties of Devon, Dorset and Somerset.

The following transcript was made by members of CHRG from copies of the original documents. When extracting information from this transcript, the following points should be noted:

The Parish of Chardstock was subdivided into three Enumeration Districts, Nos. 1, 2 and 3. The return for each Enumeration District was compiled by a different person and this resulted in a lack of consistency across the complete return. Also, there is a tendency to record forenames by just a capital letter, rather than the full name.

Although the overall standard of the return is considerably better than those for previous years, there are still some cases where the census return has been incorrectly completed. "Notes" have been added to correct any obvious errors and to identify multi-occupancy dwellings.

For the "Relation To Head" column relationships are given in full wherever space permits. When it does not, the following abbreviations are used:

Dau	Daughter	Appren	Apprentice
GSon	Grandson	Asst	Assistant
GDau	Granddaughter	Govr	Governer
GFather	Grandfather	Govs	Governess
GMother	Grandmother	Hkeeper	Housekeeper
SonLaw	Son-in-Law	NMaid	Nursemaid
DauLaw	Daughter-in-Law	Serv	Servant
MothLaw	Mother-in-Law		
FathLaw	Father-in-Law		
BroLaw	Brother-in-Law		
SisLaw	Sister-in-Law		

Shortening of forenames has been avoided wherever possible with full names being given in the transcription; an exception being “Jos”, as this could refer to either Joshua or Joseph. Also, full stops have not been used in names, thus Wm. C. Larcombe in the census return appears as William C Larcombe. This measure is designed to assist word search software programmes. By the same logic the town or Parish of birth is given in full, whenever possible.

In the transcription the column headed “Condition” in the census return uses the abbreviations M for Married, U for Unmarried and W for Widow or Widower.

In cases where other research has produced an alternative to the transcribed version, that alternative is shown alongside the transcribed version in [] brackets provided the alternative has an equal or greater likelihood of being the correct or preferred version.

To save space and achieve consistency, the place of birth is given first, followed by the county, indicated by the use of the “Chapman County Code” system. The codes used in this Census are listed below:

DISTRICT No. 1 DESCRIPTION Enumerator: Daniel Dark

All that part of the Parish of Chardstock which lies north of the road from Hook Factory leading on to Farway and 10 acre lane including Hook Factory, Hook Mills, Warry House, Brockfield, Bowditch and thence to two Farway Farms, two White House dairies, Bewley, Crawley, Half of Box Cottage, Cotley House, Farm and Mill.

Explanatory Notes

There is no longer any building known as "Hook Factory"; the house which originally bore that name is called "Hook Mills". The "Brockfield Dairy" is occupied by cottages and is not used for the purpose of a Dairy. Edencot is the name given to what was once "Paradise". The two White House Farms are let as Dairies and instead of "Cotley Mills" it is now "Lodge Mills".
