

## **ALL SAINTS CHURCH BURIALS 1842 - 1911**

All Saints Church was consecrated 23.4.1840. It served most of the South Tything of the Parish of Chardstock (including Alston, Churchill and Coaxdon), together with Smallridge from the Parish of Axminster, and covered a population of about 400. The first burial at All Saints occurred 7.1.1842.

All Saints did not become a separate Civil Parish until 1996, so from 1840 until 1996 the Civil Parish of Chardstock was served by the two churches of St. Andrew's (Chardstock) and All Saints. Researchers are advised to refer to the transcripts for both churches and to look also at the separate link for additional information on births/baptisms, marriages and deaths/burials for people with a known Chardstock or All Saints connection.

The transcripts cover the period from the opening of the church until December, 1911 and were made by CHRG members from photocopies of the original Parish Registers held at Devon Records Office.

When using this site, the following points should be borne in mind:

Abbreviations have been avoided wherever possible and full stops have not been used in names, thus Wm C. Watts in the register appears as William C Watts. This measure is designed to assist word search software programmes.

In cases where other research has produced an alternative to the transcribed version, that alternative is shown alongside the transcribed version in [ ] brackets, provided the alternative has an equal or greater likelihood of being the correct or preferred version.
