

ALL SAINTS SCHOOL - REGISTER OF ADMISSION 1872 TO 1919

* This transcription was made by members of the Chardstock Historical Record Group (CHRG) from scanned copies of the original registers and covers the period 1872 to 1919. For information on pupils who started to attend All Saints School after 1919, please contact us by e-mail chrg@btinternet.com

* Researchers should be aware that the registers were for internal school use only and were not completed to the same standard as other official documents such as censuses and civil registration. Register one covering the period 1872 to 1903 leaves much to be desired. It is clear that many Christian names recorded in the registers are those by which the children were known or called at school rather than the name(s) under which they were baptised or registered.

* Between 1872 and 1878 separate registers were kept for boys and girls and in 1903 a decision was taken to start a new register which involved transferring to this register the details of all pupils still attending in 1903. Consequently pupils who started school before 1903 and left after 1903 are recorded in both registers. This transcription combines all the registers into single entries for each pupil with notes added to highlight any discrepancies. Transcription errors or anomalies have been corrected or highlighted as appropriate. Due to the relatively high number of readmissions, all information on individual pupils is combined, in date order, under the first date of admission.

* Shortening of forenames has been avoided wherever possible with full names being given in the transcription.

* In cases where other research has produced an alternative to the transcribed version, that alternative is shown alongside the transcribed version in [] brackets, provided the alternative has an equal or greater likelihood of being the correct or preferred version.

* While every effort has been made to ensure that the transcripts are as accurate as possible, errors can sometimes occur. Should you encounter any problems or queries, please contact us by e-mail chrg@btinternet.com and we will do our best to help.

NOTE: In 1903 a decision was taken to start a new register and to transfer to the new register the details of all pupils still attending in 1903. Consequently pupils who started school before 1903 and left after 1903 are recorded in both registers. This transcription combines the two registers into single entries for each pupil with notes added to highlight any discrepancies. Also there were some clear errors in transcribing entries from the old to the new register, which, as far as it possible, have been corrected.
