

CHARDSTOCK RATE BOOK 1860

An assessment for the Relief of the Poor of the Parish of Chardstock for year commencing Lady Day 1860 and made on the 14th April 1860

A selective transcript of an original leather bound copy of the Poor Rate Book held at the Devon Heritage Centre under reference 2590A/PO74.

The following should be noted:

The occupier was the person normally paying the Poor Rate.

The owner was the person who held the land, either freehold or copyhold. In the latter case it would have been with the right to demise i.e. sublet to an undertenant.

For simplicity details of the Gross Estimated Rental and the Rateable Value have not been included.

The amount to be collected was based on the Rateable Value of the property charged at 1s in the Pound. The sum due for each holding is recorded in the column on the extreme right hand side. Amounts were calculated to the nearest farthing.

The wording and spelling used in the transcript are as per the Rate Book. However, to assist with word searching, wherever possible, full Christian names have been recorded without the use of abbreviations.
