

CHARDSTOCK POOR RATE YEARS 1783/1784 TO 1794/1795

“A monthly rate made upon the Parish of Chardstock for the relief of the Poor “

The following transcription is based on the accounts book of the Overseers for the financial years 1783/4 to 1794/5 currently held by the South West Heritage Trust under reference 2590A/10/6.

Two Overseers (one for each Tything) were chosen at a Vestry meeting usually held in late April/early May to administer the Poor Law for the ensuing year. They were empowered to raise taxes by a levy or rate on holders of land, known as the Poor Rate, and to distribute the money for the benefit of the poor or needy (details of which are shown separately on the website under Overseers).

Eligible land holdings were rated for a fixed amount each year to the nearest farthing. The amount payable for each holding was determined at the Vestry meeting as a multiple of the fixed rate. This multiplier varied from 96 in year 1783/4 to 196 in years 1788/9 and 1789/90, when extra funds were needed to finance the building of a new parish workhouse.

To assist with word searching, the transcript is presented in alphabetical order of surname for each tything. Abbreviations and “ditto” marks have not been used.

Researchers should be aware that the accounts book was completed by a considerable number of different Overseers each of whom completed it in their style and spelling. As a result there are a considerable number of spelling variations

The amount payable for each holding has been calculated and recorded in the right hand column in pounds (£), shillings (s) and pence (d).

CHARDSTOCK POOR RATE 1788/1789

“A monthly rate made in the Year of our Lord 1788 on the Inhabitants of the parish of Chardstock in the County of Dorset for the relief of the poor of the said parish to be collected by so many rates at a time and as often as shall be required by William Pryer and George Bond Churchwardens, William Symes and Giles Apsey Overseers.”

The actual year ran from 4th May 1788 to 2nd May 1789

The amount payable for each holding has been calculated and recorded in the right hand column in pounds (£), shillings (s) and pence (d); it being 196 times the Poor Rate. The total amount raised was £596 11 6d. This substantial increase was the consequence of a decision taken at a Vestry Meeting on 29th April 1788 to build a parish workhouse for the poor.

CHARDSTOCK POOR RATE 1793/1794

“A monthly rate made in the Year of our Lord 1793 on the inhabitants of the Parish of Chardstock in the County of Dorset on the relief of the poor of the said parish to be collected by so many rates at a time and as often as shall be required by William Wills and George Bond Churchwardens, Thomas Drayton and Richard Dening Overseers.”

Note: Although the Overseers for the year 1793/4 were Thomas Drayton and Richard Dening, the Poor Rate for this year is recorded as being raised by John Bently and Fernando Bond.

The actual year ran from 26th April 1793 to 24th May 1794.

The amount payable for each holding has been calculated and recorded in the right hand column in pounds (£), shillings (s) and pence (d); it being 150 times the Poor Rate. The total amount raised was £456 11s 3d.
