

PARISH OF WAMBROOK**1871 CENSUS****RG10/2404**

The census was carried out on the night of 2nd April 1871 and closely followed the format of the previous censuses taken in 1851 and 1861. The head of the family had to be defined as did the relationship to the head of each person staying in the house that night. The sex of each person was also recorded. Accurate ages were required throughout and were taken from the person's last birthday. For infants under one year, the age was recorded either in months (m), weeks (w) or days (d). The rank, profession or occupation of each person was recorded and "Where Born" had to be completed by giving the county and town or parish of birth. In the 1871 census the column previously used to record any persons who were "Deaf-and-dumb" or "Blind" was expanded to include "Imbecile or Idiot" and "Lunatic", although in practice it was sometimes used to record other infirmities. An analysis of the recordings for Wambrook are tabled below:

Age Group	No. of persons	Percentage
Under 10	83	28.5%
10 to 19	61	21.0%
20 to 29	39	13.4%
30 to 39	30	10.3%
40 to 49	26	8.9%
50 to 59	30	10.3%
60 to 69	9	3.1%
70 to 79	8	2.7%
Over 80	5	1.7%
Total	291	

The census recorded 149 males (51.2% of total) and 142 females (48.8%)

There were 55 occupied dwellings, which produced an average of 5.3 persons per dwelling, and 1 uninhabited dwelling.

A full analysis of the censuses for 1841 to 1911 appears as part of the introduction to the 1911 census.

The transcript was made by members of CHRГ from copies of the original documents. When extracting information from this transcript, the following points should be noted:

* In 1871 Wambrook formed part of the County of Dorset, as the transfer to Somerset did not occur until 1896.

* The overall standard of this return is better than the previous one in 1861, but there are still cases where the return would seem to have been incorrectly completed. "Notes" have been added to correct any obvious errors.

* Shortening of forenames has been avoided wherever possible with full names being given in the transcription. Also, full stops have not been used in names, thus Wm. C. Larcombe in the census return would appear as William C Larcombe. By the same logic the town or Parish of birth is given in full, whenever possible.

* In the transcription the column headed "Mar" uses the abbreviations M for Married, U for Unmarried and W for Widow or Widower.

* To save space and achieve consistency, the place of birth is given first, followed by the county, indicated by the use of the "Chapman County Code" system. The codes used in this Census are listed below:
