

## WAMBROOK – ST MARY THE VIRGIN CHURCH – BAPTISMS 1813 - 1909

**Source:** Wambrook Parish Registers

George Rose's Act (1812), which became law on 1<sup>st</sup> January 1813, stipulated that all registers had to be pre-printed with standardised layout and content. Transcripts from these parish registers were made by members of Chardstock Historical Records Group, taken from photocopies currently held in Wambrook Church.

While every effort has been made to ensure that the transcripts are as accurate as possible, errors can sometimes occur. Should you encounter any problems, please contact Chardstock Historical Records Group by email at [chrg@btinternet.com](mailto:chrg@btinternet.com) and we will do our best to help.

When using this document, the following points should be borne in mind:

The registers have been transcribed verbatim. Not all listings specified whether the baptised child was a son or daughter, but common sense and/or census data has been used to determine the sex.

For a small number of entries, the photocopies were of poor quality and some information is either missing or illegible.

In cases where other research has produced an alternative to the transcribed version, that alternative is shown beneath or alongside the transcribed version in [ ] brackets, provided the alternative has an equal or greater likelihood of being the correct or preferred version.

Researchers are referred to the separate Web Museum links to **Additional Information on Chardstock, All Saints and Wambrook Births and Baptisms**.

**Presiding clergy:** the table below lists the clergy member conducting the baptisms over the specified years plus the rector's name. NB: this table does not include those clergy who performed baptisms on an occasional or short term basis e.g.

- The incumbent's children
- When the incumbent may not have been available or
- When a specific clergy member may have been requested
